

# Madrid Baptist Association Refugee Project

11 January 2016

Churches from the Madrid Baptist Association are working on a project to send a truck full of winter cloth to a Croatian camp with Syrian refugees in their way to Europe. One of the local churches is the leading one in the project but it is open for churches from other denominations and people in the neighborhood to help with the collection of clothing. The idea is to send the truck (25.000 kg) to Croatia some time in February. There will be a group of three or four people who will fly to the area to receive the truck and make sure everything goes where it has to.

In November 2015, a track with winter clothing for the refugees was already sent to the same camp from the Baptist church of Cerdanyola (Barcelona).
